

I donate a local sightseeing flight every year to my son's school for their annual silent auction. It is a part 91 flight, and I don't claim it as a charitable contribution on my taxes either. This brings in \$100 plus dollars to the school. I have about 325 hrs. logged and fly 30-40 hours a year. Please don't regulate me out of this opportunity to help a school.

Sincerely  
Duane Poehls
